

“Movember” Changing the Face of Men’s Health

During the month of November there is an International Campaign (Movember) to raise awareness relating to Men’s Health, specifically Prostate and other Cancers that affect men. Short for 'Moustache' during November. Men around the world grow 'Mo' to indicate their support for the campaign.

To coincide with this the East Bridgford Patients Reference Group and Staff at the Medical Centre are holding a Men’s Health Awareness Event, at East Bridgford Medical Centre from 10am. to 12.30pm on Saturday 17 November 2012.

This event will involve professional input from medical staff and others. It will be an opportunity to find out more about the health issues that affect men and how to act on that knowledge, thereby increasing the chances of early detection, diagnosis, effective treatment and support.

It will also provide an opportunity to discuss other issues including men’s health checks, smoking and alcohol related illness.

Ladies are also welcome.

Mike Handy
Chair. East Bridgford PRG.
