Dear Sir or Madam

### **NOTIFICATION OF ESSENTIAL MAINTENANCE WORKS - A52 Lees Barn Road to Golf Road (Stage 1)**

I am writing to let you know that we will be carrying out survey work on the A52 between Lees Barn Road and Golf Road.

During our scheme of work, we will carry out pavement investigation surveys.

The information we gather during these surveys will provide important maintenance data which we will use to develop future schemes along the A52.

#### **When will the work take place?**

We plan to start surveying the area on **Monday 3<sup>rd</sup> August** until **Wednesday 5<sup>th</sup> August**. We will deliver our works overnight between **10pm** and **5am**.

Please note that all our planned works are subject to change due to weather conditions or unforeseen circumstances.

#### **How will the work affect traffic?**

To maintain a safe environment for our workforce and motorists, we will work under a full carriageway closure with local access only. During these full closures we will put in place signed diversions routes, which have been agreed with the Local Authorities. All carriageways will be open, as usual, outside of our working hours.

#### **Maintaining safety during Covid-19**

We are working hard to maintain the road network and are prioritising critical operational activities. This will help ensure that life-saving medicine, equipment, supplies and healthcare staff can travel to where they're needed most.

All our sites have strict safeguarding measures, in line with Public Health England guidance, to prevent the spread of COVID-19 and none of our sites are open to the public. All construction projects are closely monitored, and the situation is kept under constant review.
